2008, Big Year at the Polls

This is a critical year to encourage support of our party at a local and national level. Locally, the Republican Party can tip the balance of city council, and remove an ineffective county sheriff.

At the State level, we have the opportunity to send our excellent Congressman, Frank LoBiondo, back to D.C., and the chance to amend the Frank Lautenberg/Robert Torricelli irregularities from 2002.

Finally, nationally, we face the prospect of very liberal, very inexperienced leadership that will make the Carter years and the Clinton first term look professional by comparison.

It's an important year to work hard. Make sure your friends and neighbors are aware of the issues, and how the democrats think. Invite them out to a club meeting, and encourage them to vote, Republican!

Re-organization

At our January meeting, the club re-elected the current club officers to another year of service.
